For

Air Quality Operating Permit

for Middle Mesa Central Delivery Point of Williams Four Corners LLC

Williams Four Corners LLC at 188 County Road 4900; Bloomfield, NM 87413 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its Middle Mesa Central Delivery Point. The owner of this plant is Williams Four Corners, LLC. The exact location of the facility is at latitude 36 deg, 54 min, 28 sec and longitude -107 deg, 33 min, 43 sec. To reach this facility from Aztec, NM: drive north on 550 to Colorado 318, turn right, drive 15 miles to junction with Colorado 172, turn left, drive into Ignacio; turn right on 151, turn right on 330, drive to NM state line, turn right on 4020, drive 5.1 miles to the Y, turn right, drive 4.2 miles, turn left, and drive 1.3 miles to site. This facility is located approximately 12 miles north of Navajo City in San Juan County, New Mexico. This application file has been assigned an Operating Permit Number P031-R3 and TEMPO Agency Interest ID No. 1272.

Previously, the facility received an air quality construction permit and is in operation. The main purpose of the facility is to compress and dehydrate pipeline quality natural gas using compressors driven by natural gas-fired engines and TEG dehydrators.

This operating permit application is for a permit renewal. Per 20.2.70.401.C.(4) NMAC, this permitting action involves renewal of a Title V operating permit. There are no changes to the existing air emission limits in this permitting action.

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance.

The NMED has made a preliminary determination that this facility will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 1, 7, 61, 70, 71, 72, 73, 74, 77, and 82; 40 CFR 50; 40 CFR 60 Subparts A and JJJJ; 40 CFR 63 Subparts A, HH, and ZZZZ; and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before December 4, 2016.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P031-R3 by contacting Kirby Olson at the New Mexico Environment Department, Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816. The Department contact in Santa Fe is Kirby Olson at 505-476-4322. Este es un aviso de la Agencia de Calidad de Aire del Departamento de Medio Ambiente de Nuevo México, acerca de las emisiones producidas por un establecimiento en esta área. Si usted desea información en español, por favor de comunicarse con la oficina de Calidad de Aire al teléfono 505-476-5557.
